

# ANISHA ROSELIN I

Full Stack developer

## About Me

Driven by a passion for coding and a desire to make a difference, I am Anisha Roselin, a BCA student eager to apply my full-stack development skills to create solutions that enhance user experiences and solve real-world problems. With a solid foundation in both front-end and back-end technologies, I enjoy crafting seamless applications that are not only functional but also user-friendly.

## Skills:

Python	93%
Java	91%
Javascript	96%
Ui/Ux design	84%
Html and CSS	92%

## Education:

Bachelor of Computer Application  
University of madras  
123 Anywhere St., Any City  
2023 - 2026

## Language:

Tamil

English

Hindi

## Professional Experience:

### 1. Internship experiences

Jan 2024 - May 2024| Tech solution  
Company

- Collaborated with a team of developers to design and implement a web application for managing client projects, utilizing technologies such as React for the front end and Node.js for the back end.
- Developed RESTful APIs to facilitate communication between the front end and back end, improving data retrieval speed by 30%.

### 2.Academic Projects

Sep 2023 - March 2025

- Led a team of four in developing a full-stack web application to manage community events, using Angular for the front end and Django for the back
- Designed a user-friendly interface that allowed users to create, edit, and RSVP for events, resulting in positive feedback from users during testing.
- Deployed the application on AWS, ensuring scalability and reliability for future users.
